

# client.widgetAction

## Description

This event is generated when your app's widget calls any of the following `flock.js` methods:

- `openWidget`
- `openBrowser`

```
{
  "name": "client.widgetAction",
  "userId": "u:cfc76545-3400-4864-892a-513a9f4ae409",
  "userName": "Alyssa P. Hacker",
  "chat": "u:1e6429de-16b7-48b3-acc0-c2d7ec5ad195",
  "chatName": "Ben Bitdiddle",
  "messageUid": "fda6144e-c925-487f-92ed-9e0956a4263c"
}
```
